Dear Mr. Caruso:

On behalf of the Arcadia Police Officers Association, it is my pleasure to inform you of our endorsement of The Shops at Santa Anita, the project you have proposed for the area that is now the south parking lot at Santa Anita Park.

The Arcadia Police Officers Association made our decision to endorse your plan for The Shops at Santa Anita after reviewing your proposal, having the opportunity to ask questions and provide input, and hearing from law enforcement officers in other cities where Caruso Affiliated projects are located. It is clear that you have listened carefully to the views of Arcadia residents, community organizations, and businesses, and that those views are reflected in the plan you have proposed. We are convinced that The Shops at Santa Anita will be a valued addition to the Arcadia community, and we are proud to lend our support.

As police officers, our top priority is to ensure that Arcadia is a safe community. Your commitment to creating safe, family-friendly environments — including the use of private security and state-of-the-art security technology — will ensure that The Shops at Santa Anita contributes to keeping Arcadia as a safe place for people to live and work. The statements included in the Environmental Impact Report by law enforcement professionals in the other communities where you currently have projects particularly impressed us. Their positive experience working with Caruso Affiliated including their seamless partnership with your private security officers has contributed to a safe environment on and around your properties.

We look forward to Caruso Affiliated becoming part of the Arcadia community and look forward to the approval of The Shops at Santa Anita. Please let us know how we can be of assistance.

Sincerely,

Troy Hernandez
President
