## *Mall improvements sought*

I voted against Measures N and P (last November) because Westfield's self interest was so apparent in both.

I was pleasantly surprised that, despite the millions Westfield must have spent on the mail we all received at our homes, both measures passed by a very narrow margin.

I would prefer if Westfield spent less time and money trying to figure out how to maintain its monopoly in Arcadia and more time and money on improving the mall to make it more appealing.
